

Sept 2023

Position Title: Environmental Presenter

Duration: Full Time

Reports to: Curator, Live Productions

About Earth Rangers:

Environmental education at a young age plays a critical role in influencing lifelong attitudes towards our natural world. But we can't just equip children with knowledge—to create long term behavioural change, we must empower them with the ability to act on that knowledge. Preparing the next generation to be conservationists is some of the most important work that any of us can do, and the time to do it is now.

Earth Rangers is the kids' conservation organization, committed to instilling environmental knowledge, positivity, and the confidence to take action in children. We do this through a suite of programming that children can participate in at school, at home, and in their communities. All of these programs are educational and engaging—but more importantly, they show children that it's not too late to help the planet, and the things we do today will matter tomorrow.

Founded as a small community organization in 2004, Earth Rangers has grown to have more than 350,000 members and alumni across the United States and Canada. These kids take action year-round to reduce waste and energy use, raise awareness and funds for at-risk species and habitats, and improve the environmental footprint of their homes, schools, and communities.

We are seeking an environmental presenter to assist with the delivery of our live and virtual school show.

Key Responsibilities:

- Present educational show programs in schools and communities across Canada

Qualifications:

- 2 years' experience performing in live shows is an asset
- Comfortable speaking to a large audience
- Must work well within a team
- Ability to travel for up to a 5-week periods
