

Help Keep Batteries Out of Landfills!

When batteries are not recycled properly, they can end up in landfills where they not only add to solid waste but can also potentially release harmful materials into the environment. Call2Recycle collects and recycles almost 3 million kg of batteries each year. That's more than the weight of 500 African elephants! You can do your part to make sure more batteries are recycled by participating in the **Battery Blitz School Mission!**

Your Mission is to recycle as many used batteries as you can by bringing them into your school and disposing of them in the Call2Recycle collection box.

**The school that recycles
the most batteries
(by weight)
will win* \$3,000!**

Dear Parents / Guardians,

In honour of Waste Reduction Week, Earth Rangers and Call2Recycle are challenging schools across British Columbia to participate in the **Battery Blitz School Mission** contest.

Our school is participating and students are being asked to bring in their used batteries to school for the next three weeks, in order to be recycled. Any battery under 5 kg (with the exception of wet-cell batteries) can be brought in. Refer to <https://www.earthrangers.com/batteryblitz-resourcesbc> for guidelines on how to prepare household batteries for recycling.

Schools from all across British Columbia are participating in the **Battery Blitz School Mission**. Three amazing Cash Grand Prizes available for the 3 schools that bring in the most batteries by weight. 1st place - \$3,000, 2nd place - \$2,000 and 3rd place - \$1,000. In addition, each participating school will be entered into a draw for the chance to win a free Earth Rangers Virtual Assembly! For more details, please visit <https://www.earthrangers.com/batteryblitz-resourcesbc>

Call2Recycle has collected and recycled almost 30 million kgs of batteries since the program has started!

To find the nearest Call2Recycle collection site, please visit <http://www.call2recycle.ca/>

Generously supported by:

* In order to receive this prize, there must be a battery submission on record. No purchase necessary. The "Battery Blitz School Mission Challenge" (the "Challenge") closes on Monday, November 8, 2021 at 5:00pm PST. Open only to elementary schools in British Columbia that have been registered for the Challenge. For more information and full rules and regulations, visit <https://www.earthrangers.com/batteryblitz-resourcesbc>
